Selections

Selectors will meet each week within a few days of each Round being complete to select sides for the following round.

Following these meetings the Team Lists will be published following communication with players who have been selected in a different grade for the round.

Members are entitled to attend these meetings briefly at the start if they wish to provide any insight and thoughts from the previous week or weeks.

Members will have this opportunity to ensure their input is accepted in the correct manner and not on a Saturday night after Pennant. If you wish to attend these meetings, please speak to Selectors Co-Ordinator or Wayne Turley, following the game to collect information about the meeting.

TEAM WORK

Teamwork is the collaborative effort of a group of individuals working together towards a common goal or objective.

It involves individuals coming together, each bringing their unique skills, experiences, and perspectives, to achieve a shared purpose.

Effective teamwork requires communication, cooperation, and coordination among team members, and the ability to work towards a common goal while also recognizing and respecting individual contributions.

When done well, teamwork can lead to increased productivity, improved problem-solving, and a stronger sense of unity and shared accomplishment among team members.
